# Escolhendo um repositório

- O que eu gosto, que língua eu quero aprender, qual projeto é legal?
- Projetos mais famosos: <https://github.com/trending>

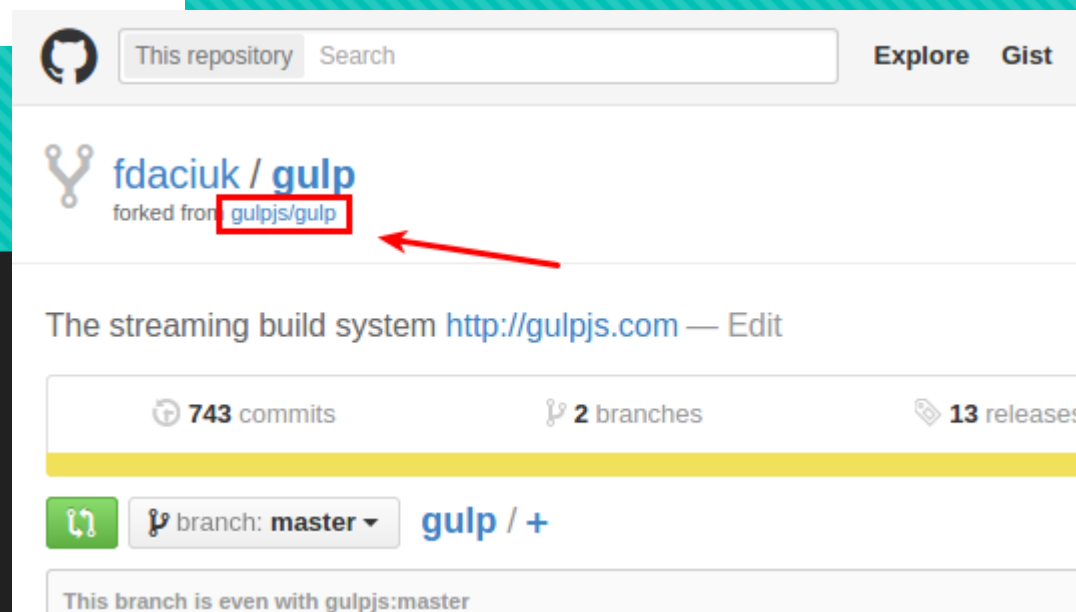

The screenshot shows the GitHub interface for the `gulpjs / gulp` repository. At the top, there's a navigation bar with the GitHub logo, a search bar, and links to Explore, Gist, Blog, and Help. The user profile `fdaciuk` is visible in the top right. Below the navigation bar, the repository name `gulpjs / gulp` is displayed. To the right of the repository name are three buttons: `Watch` (564), `Unstar` (11,352), and `Fork` (858). The `Fork` button is highlighted with a red box. A red arrow points from the text `The streaming build system http://gulpjs.com` to the `Fork` button. Below the repository name, there's a section with statistics: `743 commits`, `2 branches`, `13 releases`, and `116 contributors`. Below this, there's a section with a green icon and the text `branch: master` and `gulp / +`. Below that, there's a section with the text `Merge pull request #882 from lifeisfoo/patch-1` and `contra authored 7 days ago`. On the right side, there's a sidebar with links to `Code`, `Issues` (56), `Pull Requests` (2), and `Pulse`.

Forkando o repositório
